From the ancient Indus Valley Civilization, through the Vedic period, to the era of powerful empires such as the Maurya and Gupta dynasties, India has been a land of continuous human habitation and cultural development. Its history is marked by achievements in architecture, science, mathematics, astronomy, literature, and philosophy. Foreign invasions and trade introduced new influences that blended with indigenous traditions. The Mughal Empire brought new art and administrative systems, while the British colonization introduced Western education and infrastructure. India's struggle for independence, led by figures such as Mahatma Gandhi and Jawaharlal Nehru, culminated in 1947. Post-independence, India has grown into the world's largest democracy, maintaining a unique blend of tradition and modernity. This legacy is reflected in its monuments, manuscripts, languages, and the spirit of its people.
